“ I had only two encounters with Dr. Mize and I absolutely loved his detailed explanations and obvious concern. I just found out about him because I was contacted to reschedule my procedure—this loss will be felt for a long time.
My most sincere condolences go to his wife and family...so, so sorry. DKE

“ You could always count on good music, a timely day and fun conversation when working with Dr. Mize. He is a massive loss to the healthcare community. I will miss his quick wit jokes and seeing him each week at work. His patience and knowledge will be remembered and he will be greatly missed. Thank you Dr. Mize for putting your community first. We will miss you. My condolences to the Mize family, he won't be forgotten.

We just hear today that Dr Mize had passed away. We had hoped to visit him when we go to Bend in April. He was a great doctor and a wonderful friend. He helped save my husband Ken when he was diagnosed with pancreatic cancer in 2019. Sending love to your family. Lana and Ken Forconi.

“ *My husband was a new patient to Dr. Mize having first met him in the hospital. He performed several endoscopic procedures on Kenneth and did so with patience and compassion. He left one's bedside with we feeling that he was very good at what he did and did so with a caring attitude. To his family please know Dr. Mize was appreciated and revered for his expertise in practice as well as a caring delivery. D. and Ken Lane*

“ I was a provider with Summit GI for only a couple years but I shared an office with Dr. Mize. Dave was amazing. Patient with my questions seeking to know more, always ready with an answer or a burst of his characteristic dry humor to brighten the day. So many of my patients who had endoscopies performed by him felt how much he cared. I truly treasured working with him. He touched and will be missed by so many. May his family feel the love of the Bend community.

“ I had the honor to work closely with Dr Mize at BSC for a few years. Every time I was scheduled to work, I would specifically ask to work with him. He was and will always be my favorite doctor that I've ever worked with. Working with him gave me the confidence, security, and knowledge that I will forever carry with me especially in my healthcare career moving forward. I believe that God brings certain people into our lives, and I am thankful I had the opportunity to cross paths with Dr Mize. I aspire to share the kindness, compassion, and wisdom that Dr Mize shared with me. Moving forward, I am thankful for the fond memories that Dr Mize and I shared together, it's something I will never forget and hold close to my heart. My deepest condolences to the Mize family. Forever in our hearts. I will miss you dearly.

“ Dr. Mize was a pillar of the MDU family at St. Charles. He was a healer for this community; making himself available nearly every day. I loved his dry sense of humor and flat delivery of jokes. He was always listening, even if you didn't think he was paying attention. He never minded if a nurse or tech was training in his room; his patience and kindness were remarkable. Dr. Mize will leave a lasting memory here in this space. Rest in peace my friend.

“ I worked with Dr Mize for many years in Camp Hill. Although a quiet man when his humor came through we would roar with laughter. He also was kind with how he would educate conditions that I did not understand. I will Always think of him fondly. My heart aches for his loved ones. I know you will miss his presence.
