“ Kayla and Piper - your mom left love and light with everyone she met, you can see that in all the comments here. The greatest joy and thing she held most precious in this life, were you two girls. She may be gone from your presence but, she lives on in you both. For that I am grateful. The world needs more like your mom. I will miss her. You are loved by so many. Lifting you and your dad in prayer daily.

“ Girls, your mom was a beautiful, loving and caring woman. You both are just like her. I went back and looked at the pictures of you with our Clydesdales. Your beautiful smiles are just like your moms. Hugs to both of you.

“*Kayla and Piper, I met you once or twice, but know this community is here for you like your mother always was for us. She mentored our son Blake in the insurance business and when his bloodhound dog needed a home she took in Annie. She blessed so many! Stay close to your Lord Jesus and He will always be there for you.*”
