“ My thoughts and heart break are with your family for your loss. I met Kevin in first grade, and graduated with him in 1981. He always had a great smile. My father was teaching music at Pilot Butte Elementary and Junior High during the 60s and 70s, and we were in band together. It makes me happy that he went on to love music and make a career out of his love of the bass. Although our paths crossed here and there and then we went our separate ways, he will always be with us because music never dies.

“ I was so saddened to learn of Kevins death. While I did not know him personally, I did see and hear him many times when attending Merle Haggard concerts. He was a very talented man, and Im sure his loss leaves a void in many lives. My deepest sympathy goes out to his family and his friends. “ I have fond memories of Kevin from our childhood. He befriended me when I was new to junior high school and I will never forget that! Kevin and I were never very close but he always had a smile for me when our paths crossed. I am so sorry for your loss your son, your brother was a very caring, special person who put his heart and soul into his music. I understand he was also a great photographer. I just wish I could have watched him play his music live His life may have been cut short but he left his mark in the music world as well as on the people he connected with and for that I am forever grateful! Im very sorry I cannot be there tomorrow but will keep you in my thoughts and prayers.
