“ I have a lot of happy memories of times together with Marcie and Dick especially our many fishing trips throughout Canada and Alaska. Usually Phil and a Shirley Nell would accompany us and the six of us had a great deal of fun and laughter playing cards together. Also Dick ,Jim and my Niece Regina's birthday were all two days apart in the third week in August. So we often went to celebrate together with bro. Tom's Family at the Laytonville Ranch.Lots of fun having the young children around. I will always cherish my many happy and funny memories of our adventures together! Love, Mary Frances Laier
