“Wow! 100 years old! I remember meeting Jane several years ago when my mom was attending the Church of God. Jane was one of the nicest and most hospitable people I knew. I often went home with her for lunch after church where we ate, fellowshiped and played cards. When I got married, my husband starting going with me on Sundays after church and he loved her as much as I did. She was so accepting and loving toward us and everyone. Her love for Jesus was always apparent in everything she said and did. I know that she is happy up there with her Lord and Im sure she is fellowshiping with my mom and her hubby Bud. I love you Jane and I will see you in heaven some day, ~Becki

“We arrived in Bend to Pastor (1989) Jane was the first person we met when we arrived. She greeted us with a beautiful smile and a big hug. Jane loved the Lord and you knew it. She took us and our 2 children into her home for a few days until we could get into a place of our own. What great hospitality she had. She treated us as if we were family. Jane loved people, and had a heart of gold. We will never forget her loving, kind spirit! Heaven gained a wonderful lady. She will be greatly missed.

“ To add to our above comments. Jane volunteered her time as the clerk for many years at the church, she was always the first one to arrive at the church and volunteer rather it be for cleaning the church, preparing for a dinner or just to be there to greet people. What a wonderful person Jane was.

“ First off my condolences to everybody in the family. From my memories as a kid Grandma Jane was just an absolutely amazing person. It has been years since ive seen her actually probably decades (to be more honest) but i do have the memories of hanging out at her house helping her with her garden. I remember sitting in her kitchen with that table and all of us. I remember it being a rectangle table and sometimes i would have to sit at the counter on bar stools cause there was so many of us. Its weird i dont remember any specific conversation but ill never forget the sound her voice:) I remember as a kid thinking how is this lady still mowing her yard. She always looked the exact same to me, from when i was a little boy up until the last time i saw her. It was like she never aged in my eyes. I always enjoyed going yup to see her, she was one of those genuine people who was actually excited and happy to see you and you could always feel welcome. My mom asked me if there was anything in specific that i remembered from Grandmas house, my response was there was a candy dish next to the couch that faces the window nest to the fireplace that never had candy lol. I remember that specifically. She was a special lady and will always be in my heart and my prayers. Again my deepest condolences to everybody who is grieving, and I personally will always feel special cause i had a Great Grandma Jane in my life. Love to all

“ Grandma Jane was a Legend to me. She has lived through so much and the stories she could tell. This lady would go out of her way to make you feel special. I was named after her, and that is a true honor to me. She was such an amazing person that I will truly never forget. She always made me feel so special when she saw me. I had so many special memories from my time with her, I would go up during my summers and spend time with her and my grandma Beth and Grandpa Dude. She is truly going to be missed. I loved her garden and helping in it whenever possible. I loved getting cherries from her cherry tree. Her whole yard was my special garden. I loved Grandma Janes House. I am so blessed that my mom and me (with the kiddos) made the trip up there to see her on her 100th birthday, I am grateful for that. I could go on and on, but it boils down to this She was my Great Grandma Jane, she was an inspiration to me, I loved her dearly, and I will never forget her EVER!!! I Love you!!!!
